

# Middlesex Coach Pathway

## MIDDLESEX COACH PATHWAY

In the centre of the diagram (from left to right) are the roles that volunteer coaches can carry out in recreational cricket and at the bottom of the diagram (from left to right in grey) are the formal ECB coach qualifications (gained through the coach education programme) and additional certification requirements for each role in the Coach Pathway. At the top of the diagram (in blue) are the range of additional training activities available, usually organised by the MCoA, as part of the process of continuous coach development along the pathway.
